Theragun PRO

5th Generation

Powerfully quiet, professional-grade performance.

PRO puts the power of professional-grade treatment in the hands of everybody. From advanced ergonomics to continuous battery life, every feature is designed with the performance and convenience of professionals in mind.

No motor in existence could deliver the unparalleled power of a Theragun while also operating quietly, so we created our own. The PRO's commercial-grade brushless motor with QuietForce Technology quietly delivers up to 60 lbs. of no-stall force and with Active Torque Control™, the PRO maintains all that power without diluting treatment speed or quality.

You've never seen PRO like this.

PRO is scientifically calibrated to reach 60% deeper into muscle (at 40 times per second) than average massagers for greater therapeutic benefits for your body. Its reinforced drive train withstands additional force without diluting speed or treatment quality.

New attachments for more personalization

Visually-guided, built-in routines

20% quieter with a redesigned proprietary EQ-150 motor

Theragun mini

2nd Generation

The smallest,
lightest Theragun yet.

Theragun power, packed into an ultra-portable package to keep you moving wherever you go. Now 20% smaller and 30% lighter, Theragun mini is proven to relieve aches and pains and improve recovery. Plus, it's Bluetooth-enabled so you can access our whole library of personalized wellness routines in the Therabody app.

Designed for travel.

The mini fits conveniently in your purse, backpack, or gym bag so you can get the relief you need, wherever you go.

Azmi is a Penang-based caricature artist popularly known for his unique portrait caricature sketches and coffee painting. A self-taught artist, he was a technician, and then an auxiliary police officer before quitting his job to become a full-time caricature artist. He now has five comic books published under his name as well as countless awards, one of them being a Malaysian Book of Records Award for the longest comic strip.
